# Peter Anthony Designs.™

## A solid retail partner.

In today's fiercely competitive marketplace, Retail marketers and OEM's require highly-experienced vendors to ensure their competitive advantage for building market share. With over 25 years of product research and development and advanced manufacturing expertise, Centoco's Peter Anthony Designs has quickly become a distinctive toilet seat line and respected brand name. Let us demonstrate our partnership advantage:

- **EDI Processing Systems** customizable to fit our trading partners' requirements. Capabilities are extensive - ranging from PO's and invoicing to UPC retail packaging and advance shipping notices.
- **Vendor Management Expertise** acquired over 25 years and driven by a proactive retail marketing team will enhance the partner's sales and marketing initiatives with:
  - co-op promotions
  - order fill-rate guarantees
  - buy-back assurance programs
  - joint vendor/buyer forecasting
  - selling strategies
  - sales monitoring reports
  - corrective action and product replacement
  - multilingual POS labeling
  - seasonal discounts
  - advertising campaigns
- **Multinational Facilities** dedicated to 'Made in America' quality and service - just like you would expect from a domestic supplier but with the added value of offshore pricing, located in McCrory, Arkansas, USA; Windsor, Ontario, Canada; and Matamoros, Tamaulipas, Mexico.

As your partner in retail, Peter Anthony Designs is focused on building business for the long-term. You can be assured of our commitment to deliver customer satisfaction and results at all levels of business.

# A wide range of features and options. Perfect for driving retail sales.

## Plain and Embroidered Soft Seats

### Plain

- 6 colors plus Woodgrain; Chrome, brass or white hinges, perfect for a variety of bath decors
- Double-slotted hinge ensures a perfect fit on all regular bowls
- Air-release vents maintain soft seat integrity and comfort

### Embroidered

- High-quality, raised stitching
- 7 decorative designs in various colors
- Double-slotted hinge ensures a perfect fit on all regular bowls
- Air-release vents maintain soft seat integrity and comfort
- Chrome, brass or white hinges for matching fixtures

## Lift and Clean and Safety Close Seats

### Lift and Clean

- The best hygiene-friendly design in the marketplace
- Simple 'lift and remove' action - no twisting or hinge contact required
- Wide range of choices: economy, premium, luxury and molded shell - all in a variety of colors
- Available in hang-pack for ease of display with Point-of-Sale label highlighting ease of use.

### Safety Close

- The luxury seat developed especially with family safety, hygiene and comfort in mind
- Touch-release action
- Increased hygienic control
- Easy to clean and resistant to chemicals and cleaning agents
- Scratch resistant, high-gloss finish
- Heavy-duty hinge with quick-mount installation
- Slow, Quiet, Safe Closing

## Economy, Premium and Luxury Seats

- A versatile and high-quality selection with great features and broad consumer appeal
- Hang-packed and ready for retail sales

### Economy

- Excellent value for the budget-minded
- Features range from integrally molded bumpers and impact-absorbing hinges to corrosion-free hardware and easy install top-mount hinges

### Premium and Luxury

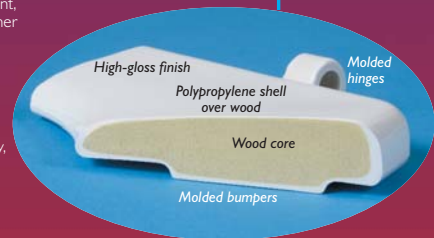

- Solid plastic for regular or elongated bowl
- Available with contoured backs, concealed hinges and durable, solid plastic construction
- Selected models with Lift and Clean feature for quick removal and easy cleaning and chrome hinges to complement bath fixtures

## Highly-Durable Molded Wood Seats

- The ultimate in wood seat design and construction for regular or elongated bowl - manufactured using Centocore's patented process
- Molded thick polypropylene shell over wood core won't crack, chip, dent, flatten, flake, fade or peel like other wood seats
- Super-sanitary, non-porous, high-gloss finish won't stain or discolor
- Molded bumpers and heavy-duty, impact-absorbing hinges won't loosen, collect dirt or fall off
- Corrosion-free hardware

### Packaged Parts

All Peter Anthony quality, durable parts are sealed in plastic packaging to ensure nothing is loose in the carton or lost.

# Peter Anthony Designs™ Exceptional Products and Service. Brand Name Excellence.
